

# Grade and MCAT profiles of competitive UMBC applicants who gained admission to medical school

These matriculants had competitive GPA and MCAT scores, AND holistically strong applications, AND they performed well during interviews, AND they did many other things right in the years before they applied and during the application year.

## This is a list of ALL MD-only Matriculants from one application cycle

Only MD applicants can compare themselves to these MD matriculants. MD/PhDs cannot compare themselves to this list. MD/PhDs should only compare themselves to the MD/PhD list at the end of this document.
